Has there been a change to your financial circumstances since your last application for a Reverse Mortgage or cash reserve? Yes No

If any part of this loan is being used for gifting, please confirm that you have discussed the gift with all your children/beneficiaries? Yes No N/A

Do you still want to use the same nominated account to receive your funds if this application is approved and processed? Yes No

If **No**, you will need to complete a **payment instruction form** to change your nominated bank account. We will send you this form to complete following receipt of your cash reserve application.

Considerations

Drawing all, or the majority of, your entitlement at the outset may impact on your ability to meet possible future financial needs and objectives. These questions are designed to ensure you have considered what you may require funds for in the future.

Age care can be expensive. A reverse mortgage may reduce the amount of equity that you have in your property which can be used to pay for age care. The loan projections that will be provided to you are intended to provide you with a guide of the impact of the reverse mortgage on the equity in your home.

You may complete your own projections here: moneysmart.gov.au/retirement-income/reverse-mortgage-calculator

Heartland encourages all applicants to review all these questions carefully. More information on aged care is available from myagedcare.gov.au or your nearest Centrelink office.

By submitting this application, we confirm that we have considered the following prior to submission of this application. It is understood Heartland will call the applicant(s) to discuss these matters following receipt of this application and prior to approval.

- Whether the loan will have any impact on any Government income support payments, entitlements or other benefits and that these have been taken into consideration and the amount of credit being applied for.
- Future financial needs and objectives, such as aged care, medical costs, property maintenance, insurance, emergencies, and leaving an inheritance have been considered and this is reflected in the loan amount requested.
- The implication that taking out this drawdown will potentially have on the ability to fund future needs.

Based on these considerations, please confirm your:

- Expected term of loan: Lifetime; or (years)
- Amount of equity you would like to retain in your home: N/A; or (amount)
